Call for Sponsors 2013

6th EBF Open Symposium

20 - 22 November 2013

Hesperia Tower, Barcelona, Spain.

INTRODUCTION

For the 6th time the EBF will meet for its annual symposium in Barcelona, Spain. We are pleased once again to open this meeting to sponsors.

CALL FOR SPONSORS

Starting from this year, three levels of sponsorship are available; places are limited and will be assigned on a first come basis:

Platinum Sponsorship: is 15 000 euro and includes a booth (3*4 m) in the main conference area, display of company logo on website and printed material, 5 delegate passes, a one page (A4) ad in the conference program and a brochure included in the delegate bag.

In a change from previous years this conference will no longer feature a Technology Update Session dedicated to Platinum sponsors. This decision has been taken in response to consistent delegate feedback from previous years. Instead Platinum sponsors should submit proposals for presentations that fit into the planned sessions and themes of the conference. The organizing committee will work with sponsors to ensure that this is achieved however reserves the right to refuse presentations which do not support the scientific aim of the conference. In the end we believe that this will give greater visibility and quality to the presentations of the Platinum sponsors.

In addition Platinum sponsors will gain access to the pre-registration list one month before the start of the conference and have a one page (A4) ad included in the conference booklet featuring the conference program and CV's and abstracts of presenters.

Sponsors signing up for the conference in 2012 and paying for the conference before March 31st 2013 will pay an early registration fee of 13 500 euros, sponsors paying after August 31st will pay a late registration fee of 16 500 euros.

Gold Sponsorship: is 6 000 euro and includes a booth (2*3 m) in the main conference area, display of company logo on website and printed material, 3 delegate passes and a brochure included in the delegate bag.

Sponsors signing up for the conference in 2012 and paying for the conference before March 31st 2013 will pay an early registration fee of 5 500 euros, sponsors paying after August 31st will pay a late registration fee of 6 500 euros.

Spotlight Sponsorship: In an effort to allow smaller and specialized service, material or small specialized instrument providers visibility at the conference this level has been created. It will provide an exhibition space for one day. The total number of sponsors of this type is limited and will be aimed at supporting the themes of the conference if possible. This level will not be available for established contract research organisations offering full services in regulated regular bioanalysis

Sponsorship is 1 500 euros, including one delegate pass, logo on website and printed material and a brochure in the conference bag.

For further information or to sign up, please contact our conference manager, Christina Smith at bavalan.bioconference@gmail.com, telephone: +33 6 74 89 10 63.
